

Company Profile

Moyaa
Engineering
Private Limited

INTRODUCTION:

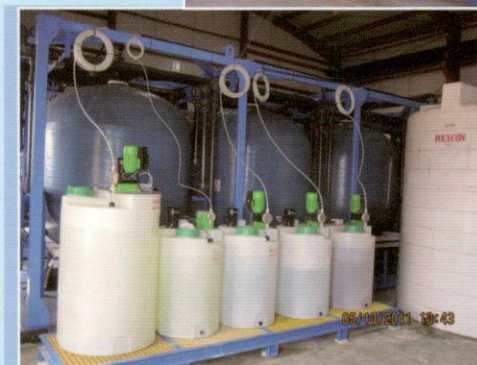

Moyaa Engineering is a private limited organization Incorporated in the year 2015 to cater to the needs of domestic & industrial sectors in the field of water and waste water treatment which has its head office @ Chennai, Tamilnadu State, India. We are specialized in design, Engineering and turnkey supply of Custom Bulit & Packaged water and waste water treatment systems using reliable, advanced and innovative technologies available in the world market. We also associate with local research institutes to get the technologies to provide cost effective solutions to the customers.

PRODUCTS:

Our Expertise in the supply of water treatment systems are as listed below:

- ◆ Filtration & Iron Removal Plants
- ◆ Ultrafiltration Plants
- ◆ Reverse Osmosis Plants
- ◆ RO Desalination Plants
- ◆ Demineralization Plants
- ◆ Electro Deionization Plants

PRODUCT PICTURES

Our Expertise in the supply of waste water treatment systems are as listed below:

A. Sewage & Industrial Effluent Treatment Plants using following Technologies:

- ◆ Conventional Activated Sludge Process (ASP) & Extended Aeration (EA)
- ◆ Upward Anaerobic Sludge Blanket Reactor (UASBR)
- ◆ Sequential Batch Reactor (SBR)
- ◆ Submerged Aerobic Fixed Film Reactor (SAFF)
- ◆ Moving Bed Bio Reactor (MBBR)
- ◆ Membrane Bio Reactor (MBR)
- ◆ Advanced Catalytic Oxidation Process (Fluidized & Packed Bed Reactor)

B. Effluent Treatment Recycling Plants using following Technologies:

- ◆ Conventional Treatment with Ultra filtration & Reverse Osmosis
- ◆ Moving Bed Bio Reactor (MBBR) with Ultra filtration & Reverse Osmosis
- ◆ Membrane Bio Reactor (MBR) & Reverse Osmosis
- ◆ Advanced Catalytic Oxidation Process (Fluidized & Packed Bed Reactor) with Ultra filtration & Reverse Osmosis

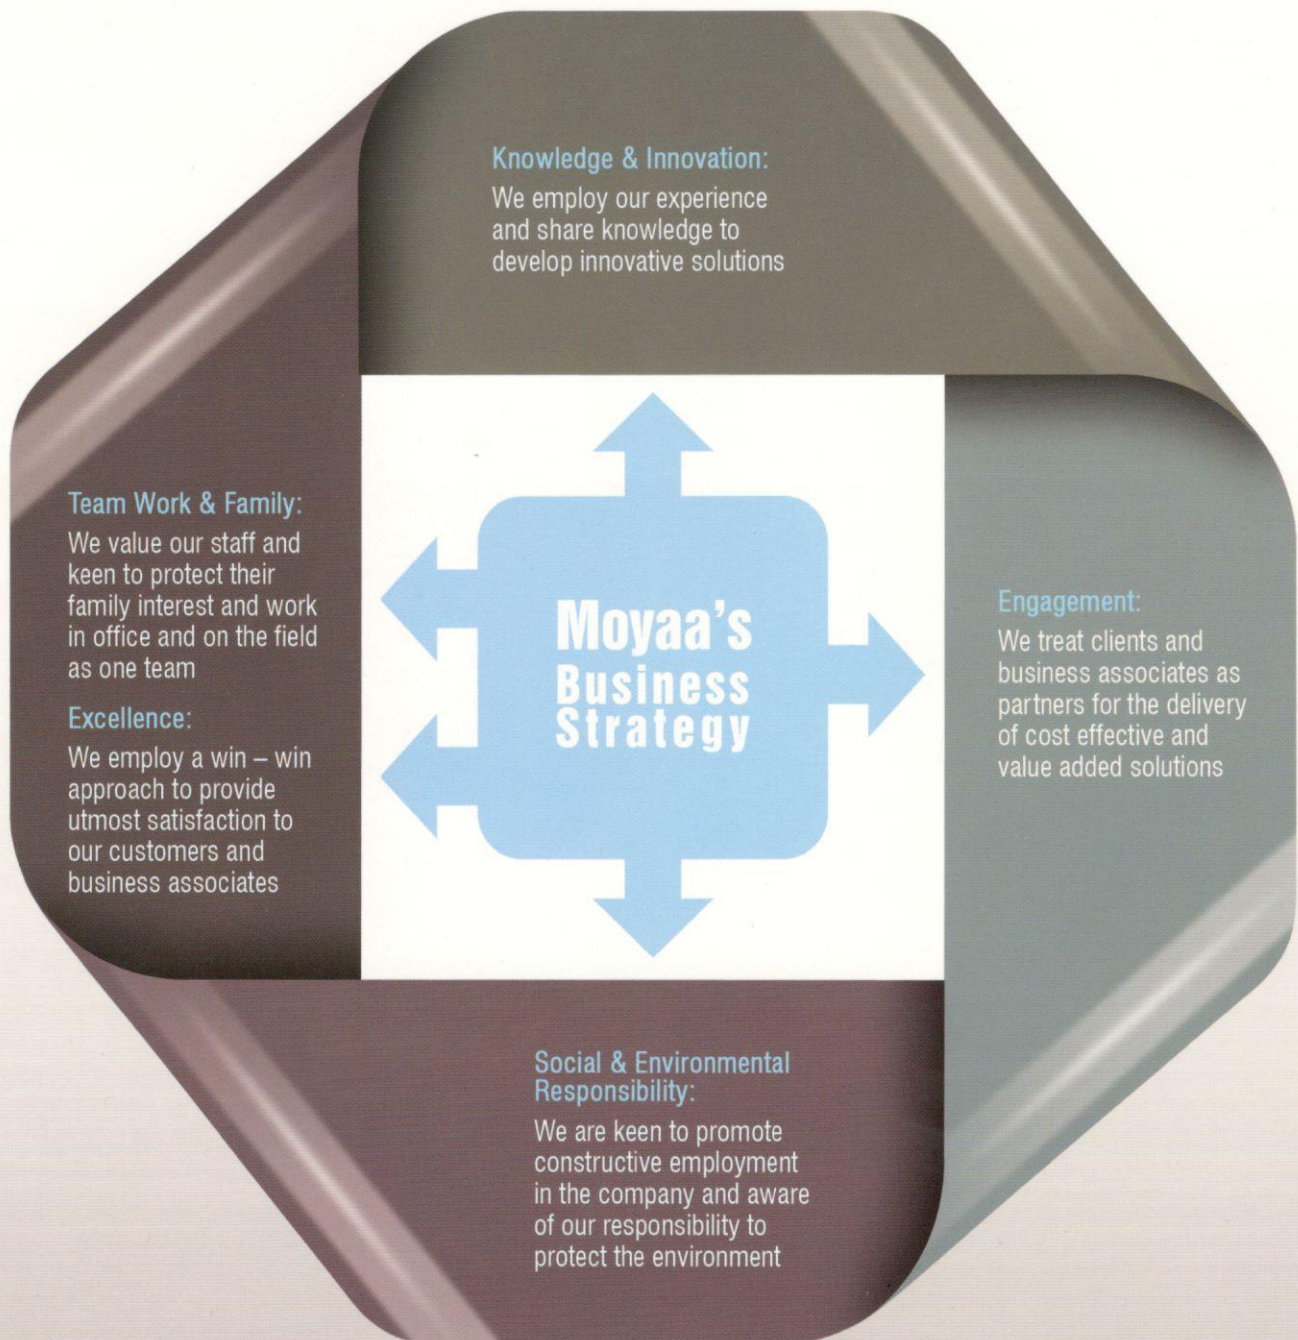

SERVICES:

Apart from supply we also do the following services as listed below:

- ◆ Operation & Maintenance
- ◆ Revamping of water and waste water treatment plants
- ◆ Supply of spares & chemicals
- ◆ Energy Audit

It is our aim to implement continuous improvement in order to provide better services. Keeping that in mind, we strongly follow the below strategy while conducting the business:
